[Personal Profile & Portfolio](#)

Summary

Seasoned Business Intelligence Consultant with extensive international experience, adept at transforming complex data into actionable insights to drive strategic decision-making and organizational growth. Leveraging a strong background in business analytics, project management, and process optimization, I design end-to-end analytics ecosystems using Power BI, SQL, and workflow automation to deliver razor-sharp, AI-enhanced insights. My approach shifts BI from static reporting to proactive analysis, empowering leadership with real-time, data-driven solutions. Proven ability to excel in diverse industries and multicultural environments, with significant experience across Asia and Europe.

Core Competencies

- **Business Intelligence & Data Analytics:** KPI Design, Data Visualization, Data Storytelling, Process Optimization, BI Ecosystem Design
- **Technical Proficiency:** SQL (Advanced), Excel (Advanced), Power BI & DAX, Data Warehousing, Data Modeling (Relational, Star Schema, Dimensional), Reporting Automation
- **Strategic & Analytical Thinking:** Problem Solving, Trend Identification, Data-Driven Solutions
- **Cross-Functional & International Agility:** Bridging Technical & Business Teams, Navigating Multicultural & Remote Environments
- **Project Management & Process Improvement:** Project Lifecycle Management, Workflow Redesign, Quality Assurance

Technical Skills

- **Databases:** SQL (Complex joins, subqueries, window functions, query optimization), BigQuery
- **BI Tools:** Power BI & DAX (Interactive dashboards, reports, custom KPIs, measures)
- **Data Manipulation:** Excel (Power Query, dynamic models, advanced analytics)
- **Data Architecture:** Cloud-based Data Warehousing, Data Modeling
- **Automation:** Workflow Automation Tools, AI-enhanced Insight Delivery

Professional Experience

Independent Business Intelligence Consultant | Bulgaria | April 2023 – Present

- Specialized in helping companies unlock the full potential of their business data through advanced BI strategies.

- Augmented expertise in KPI design, data visualization, and data storytelling to provide profound insights.
- Advised SMEs across Asia on business analytics and process transformation projects.

e-Commerce Specialist | Malaysia | 2019 – 2021

- Led development and implementation of e-commerce strategies, increasing online sales and market reach.
- Designed and managed online storefronts, ensuring seamless user experience and effective product promotion; managed SEO.
- Analyzed web analytics and customer data to refine marketing strategies and enhance online customer engagement.

Business Analyst & Process Auditor | Southeast Asia | 2015 – 2019

- Provided advisory services to mid-sized organizations, identifying inefficiencies and areas for improvement.
- Developed and implemented process optimization strategies that enhanced operational efficiency and reduced costs.
- Audited business units for compliance, providing actionable recommendations.

IT Project Manager (Self-Employed) | Hong Kong, Thailand, Malaysia | 1998 – 2008

- Co-founded Galaxy Distribution System, an online hotel reservation system.
- Led cross-functional teams in delivering IT projects on time and within budget, ensuring alignment with business goals.
- Managed project lifecycles, including scope definition, resource allocation, and risk management.
- Introduced and managed quality assurance protocols and technical documentation.

Earlier Career Highlights:

- **Project Development Specialist** (Southeast Asia, 2010-2015): Drove market entry strategies, conducted feasibility studies, and secured funding for new ventures.
- **Market Research Director** (Malaysia, 2008-2010): Analyzed market trends and evaluated industry sectors for investment opportunities.
- **Hotel Sales & Marketing Management (Director/VP roles)** (Indonesia, Singapore, Hong Kong, China, 1979-1994): Directed sales teams, implemented sales initiatives, and developed strategic partnerships, consistently achieving revenue growth.
